GOVERNMENT OF MADRAS
ABSTRACT

..

AGRICULTURE - Agricultural Research Stations. - Provision of area, laboratory facilities, supply of electricity and residential accommodation - Recommendation of the Export Committee on Agricultural Research in Madras State - Orders passed.

FOOD AND AGRICULTURE DEPARTMENT.

Dated the 1st November 1950.
G.O.Ms.No.2069. Read the following:—

From the Director of Agriculture, No.X.2.1665/49 dated 24th February 1950.

-:-

ORDER:

The Expert Committee on Agricultural Research in Madras State has recommended inter alia that sufficient area and adequate laboratory facilities should be provided wherever they do not exist at Agricultural Research Stations. The Committee also suggested that in order to get the best output from the staff employed at the Stations, residences should be provided and where electric power is available, it should be extended to the stations. The Director of Agriculture has endorsed the recommendations of the Committee and also suggested that in future it would be desirable to adopt as a policy not to establish a research station without first providing quarters and other necessary facilities for the staff and workers respectively.

2. The Government consider that the suggestion not to establish research stations in future without provision of Government quarters to staff cannot be accepted as a rigid rule. Each case will be determined by Government on its merits according to circumstances. The Director of Agriculture is requested to submit detailed proposals for the provision of sufficient area, laboratory facilities and extension of electricity wherever available, to the existing Agricultural Research Stations run by the Department. The proposals should be restricted to absolutely essential items of expenditure in view of the utmost need for economy at the present time.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR)

N.MURUGESA MUDALIAR,
DEPUTY SECRETARY TO GOVERNMENT.

To

The Director of Agriculture.
